

110206

I used a backup recorder this Sunday, and something failed. The first hour did not record at all, and in the second hour, the recorder quit with only 28 minutes recorded, while the lesson went on for something like 35 to 40 minutes.

Please accept my apologies for this not working. There is enough here to give you an idea of the subject matter we dealt with, and that will have to do.

Bill
